**We're on the hunt for  
more good people to  
join our team.**

“ Become someone who helps everyday Kiwis get access to healthy, fresh produce.”

## HEAR FROM SOME OF OUR TEAM

**Shaolin Toailoa**

“For me, working at MG is all about the people. You get to work with your teammates, other people in the company and customers - no matter what role you are in. The training is great from getting a forklift license to using computers through to managing orders. I have had the opportunity to be a part of the whole process from picking and packing to dispatching. It’s also great hours with an early start and early finish... no sitting in traffic.”

**Marcus Gobald**

“I like the vibrant culture and the pace of the business. Working with a good bunch of people makes a difference and it’s a job that keeps you fit and active. With an open mind and a positive attitude, it’s a workplace where people flourish.”

### Want to find out more?

Being part of our operations and warehousing team at MG provides the opportunity to be involved in one of the most respected Kiwi businesses. You’ll be set up to succeed and supported to thrive through training programmes.

“ Whether you’re experienced already or looking to get started, we have a wide variety of roles available at **MG Auckland.**”

We are New Zealand’s leading supplier of locally grown and imported fresh fruit and vegetables, employing 380 people across 10 sites.

Our flagship Auckland warehouse is the heart of our branch network, with a team of 100 working with growers and retailers to supply fresh, healthy produce to Kiwis throughout the upper North Island.

Our people pride themselves on being:

- **Team players**
- **Friendly & positive attitude**
- **Dependable**
- **Willing to learn**
- **Respectful**
- **Physically fit**
